

This Is A Call To Action:

A Feminist Revolution of autonomous, decentralised, self-governed people is taking place in Rojava today. In aggressive opposition stands Turkish dictator president Erdogan whose September 21st speech making in New York City was witness to violent physical assault against multiple supporters of Rojava who dared disrupt his promenading.

Kurdish people, one of the largest ethnic groups in the world today without a legally designated state, are a significant proportion of Rojavas population.

Fighting the fascism of ISIS, tyrannical dictator Erdogans Turkish State (and the Assad Regime of Syria), the YPJ and other Rojava based multi-ethnic peoples protection units (including International, Anarchist, and Queer/Trans units) have managed the incredible work of not only liberating oppressed peoples in the autonomous region, but in creating the autonomous region itself.

The peoples protection units in Rojava are all feminist and inclusive of transgendered people, in contrast to neighbouring states like Turkey, where anti-queer violence is rampant and brutal and it is illegal to be transgender.

President Erdogans fascist ideology knows no bounds, as evidenced in May 2017 in Washington DC during a state visit to fellow fascist Donald Trump where Erdogan casually ordered his personal security detail to physically attack Kurdish protesters who posed no physical threat to him. This preceded by similar incidents of Turkish state violence in 2016 and 2014 in the US.

Rojava is also under threat by its portrayal in mainstream media which neither seeks to understand its importance, nor represent it accurately.

If you have not taken a stand in solidarity with Rojava and its peoples before, now is the time.

To all those who wish to support Rojava and denounce Erdogans attacks and silencing of all opposition to his fascist agenda, join us!!

4PM Sunday October 22nd, we will be ON THE STREET opposite the Turkish Consulate at 825 3rd Avenue, 28th Floor (Entrance on 50th Street), New York, NY 10022.
